**Welcome** to Open Door, the newsletter especially for Care Workers. It's our way of letting you know what's happening right now - the latest news and events where you are.

Home Choice Care Ltd is a new kind of home care provider. Owned and run by all the staff. Our vision is "**Supporting Your Freedom**" for our Service Users.

#### **Welcome to Home Choice Care - Julie Green**

It's official. Following a fantastic week where I have had the privilege of meeting many of you, I am delighted to announce that Home Choice Care is now working with Sheffield Social Services to deliver high quality service provision to its service users. May I take this opportunity to thank you all for your patience and your invaluable comments over the past week. As we are learning more about Sheffield, your service users, your input will be very important to us to ensure the transition from Aaren Care to Home Choice Care is as seamless as possible.

You will notice some small changes over the forthcoming weeks. Although change may be nerve wracking for everyone, what I would like to assure you is that you will be kept in 'the loop' before any changes occur. Not only will we be holding open days, I will personally be asking to meet with all of you over the next 3 weeks to introduce both myself and Home Choice Care. It is very important for us to know more about you as well as having to update the inevitable paperwork!!! We will need to update your files and make sure you are familiar with any new documents in your service user's files. These small changes are all being made in an effort to improve both the quality of our documentation and our communication. In tern, they are proven to improve the quality of our service provision which is what we all want. I hope that by working together and communicating effectively, we can ensure that all your questions are answered. I am very excited about working with you all.

Together, lets make sure we really make a difference to those people we care for.

**Feedback:** We want to hear from you with comments and anything to include in our next issue of Open Door.
